

HIS Renewables GmbH is a specialized manufacturer of cable assemblies, electrical cabinets, inline-fuses, solar cable, PV-connectors and custom-designed solar power applications.

- Worldwide supply of approx. 5,5 GW solar power per year.
- 350 employees at our family-owned group, headquartered in Germany. Subsidiaries and Sales Offices in Spain, France, Turkey, Bosnia-Herzegovina & Poland.

Our team of professionals work closely with our customers to provide them with system solutions for all their solar needs.

Located in our new innovation center in Heidelberg or our production facility in Oberzent, Germany we are seeking for a

Technical Director (f/m/d)

Your responsibilities:

- You work together with the management board of HIS on the further development of our product portfolio. You carry out the product development from the idea via prototype to series production.
- You apply the relevant standards, especially IEC 61439 "Switchgear and controlgear assemblies in low voltage", battery storage or grid application and bring your experience and knowledge to bear on them.
- Your tasks include CE certificates of conformity, FMEA, product certificates, design of electrical cabinets, their risk assessment and sales preparation.
- You also use your development expertise in practice and support international project planners in the planning and construction phase during the implementation of the HIS solutions.
- Creation of specifications for external development projects.
- Implementation and creation of test orders in internal and external laboratories.

Your profile:

- A successfully completed technical degree, education as an electrician or a comparable qualification.
- Electrical engineering is your passion - you have "electricity in your blood"; You have experience in the field of photovoltaics, in particular DC / AC combiner boxes, monitoring, electrical planning, storage and inverter technology, etc.
- You lead a team of four other employees in development and construction and access the know-how of our sister companies.
- You like to lead people - appreciative and team-oriented; You communicate clearly, objectively and target group oriented.
- Due to the international orientation, good knowledge of English is required.

Qualified candidates please send full application (CV, salary expectations, earliest entry date) to our HR department per E-mail: hr@his-solar.com; +49 6068 9314-502
